

Ron Jones loves InsulStar!

**"Smart design doesn't increase the amount of insulation; it increases the *kind* of insulation."**

"I've been working with architects building sustainable homes and buildings for more than 25 years and I love InsulStar® high performance spray foam insulation!

Smart design for high performance begins with the envelope. InsulStar® is safe, provides the highest insulation performance, is a moisture and vapor barrier, adds structural integrity, and can save up to 40% on energy costs! That's an amazing return over the life of a building!

Professionals designing and building the future of how we live and work choose this innovative high performance insulation that guarantees our tomorrows are safe, comfortable, efficient and sustainable. Choose InsulStar® by NCFI."

Ron Jones, The Green Builder®

Award winning designer and builder, author, and sustainable building pioneer, 2006 NAHB Green Advocate of the Year (Builder), Founding Chairman, NAHB Green Building Subcommittee, Co-founder and Editorial Director *Green Builder*® magazine.

Choose InsulStar®  
high performance spray foam insulation  
for smart building design
